Kristoffer Jan Tipon

HR, Code Clan Australia

Dear Mr Kristoffer Jan Tipon,

I am writing to apply for the Python Developer position at CodeClan Australia. With a strong background in Python/Django development, a knack for problem-solving, and a proactive attitude toward learning new technologies, I am confident in my ability to contribute effectively to your team.

My recent experiences as a Freelance Backend Developer at Ginaco Digital and as a Freelance Tech Expert at UvoCorp have equipped me with valuable skills in project management, API integration, and bug resolution. Additionally, my internship at Jairosoft Inc provided me with hands-on experience in Python, Django, and Django REST framework.

My academic background in Computer Science from the University of Mindanao, coupled with certifications in HTML, CSS, and Java, has provided me with a solid foundation in programming and web development.

I am excited about the prospect of joining Code Clan Australia and contributing to its innovative projects. I have enclosed my resume for your consideration and am available for an interview at your earliest convenience.

Thank you for considering my application.

Best regards,
George
